Summary

Graduating from Banking Academy, but I'm very interested in Coding when learning about that. Currently, I honed some skills in Front-end Web.

I'm seeking to have an opportunity that matches my skills to improve my realistic knowledge and experience of Front-end Web.

Career Objective

Short-term

Have a stable job, become an excellent employee, accumulate more experience about Front-end Web.

Long-term

Become a fullstack developer and then a project manager.
