### Summary

I am a hard worker with a quick learning ability. My ambition is to apply what I've learned, to improve my realistic knowledge and experience of front-end web development, and to contribute to the growth of your company.

### Career Objective

- Short-term** I progressed to the position of junior Front-end Web Developer. Have a stable job, become an excellent employee, and gain more Front-end Web experience.
- Long-term** Develop my skills as a full-stack developer and then as a project manager.
